MERVEILLEUX—A large well-formed decorative in color, light rosolane pink at center, shading to light mallow purple at outer edges.

This is a splendid variety for exhibition and cutting. The plant makes a healthy strong growth and carries the flowers rigidly on strong stems. The flowers grow up to 8 inches in diameter in the field and never show an open center.

Merveilleux was one of the highest scoring dahlias at the Trial Grounds of the American Dahlia Society at Storrs, Conn., 1923.

It is a sure winner wherever exhibited on account of its great size and perfect qualities.

Price per tuber.....\$10.00

Price per plant.....\$6.00
